NO. 43.

## Nature's Way Is Best.

The function strengthening and tissue building plan of treating chronic, lingering and obstinate cases of disease as pursued by Dr. Pierce, is following after Nature's plan of restoring health.

He uses natural remedies, that is, extracts from native medicinal roots, prepared by processes wrought out by the expenditure of much time and money, without the use of alcohol, and by skillful combination in just the right proportions.

Used as ingredients of Dr. Pierce's Golden Medical Discovery, Black Cherry-bark, Queen's root, golden seal root, Bloodroot and Stone root, specially exert their influence in cases of lung, bronchial and throat troubles, and this "Discovery" is, therefore, a sovereign remedy for bronchitis, laryngitis, chronic coughs, catarrh and kindred ailments.

The above native roots also have the strongest possible endorsement from the leading medical writers of all the several schools of practice, for the cure not only of the diseases named above but also for indigestion, torpor of liver, or biliousness, obstinate constipation, kidney and bladder troubles and catarrh, no matter where located.

You don't have to take Dr. Pierce's Discovery alone as to this; what he claims for his "Discovery" is backed up by the writings of the most eminent men in the medical profession. A request by postal card or letter, addressed to Dr. R. V. Pierce, Buffalo, N. Y., for a little book of extracts from eminent medical authorities endorsing the ingredients of his medicines, will bring a little book free that is worthy of your attention. If needing a good, safe, reliable remedy of known composition for the cure of almost any old chronic, or lingering malady.

Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two mild cathartics.

The most valuable book for both men and women is Dr. Pierce's Common Sense Medical Adviser. A splendid 100-page volume, with engravings and colored plates, will be sent to anyone sending 21 cents in amount stamps, to pay the cost of mailing only, to Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound, 31 stamps.

## A Positive CATARRH CURE

Ely's Cream Balm is quickly absorbed. Gives Relief at Once.

It cleanses, soothes, heals and protects the diseased membrane. It cures Catarrh and drives away a Cold in the Head quickly. Restores the Senses of Taste and Smell. Trial Size 50 cts., at Drug Gists or by mail; Trial Size 10 cts., by mail. Ely Brothers, 50 Warren Street, New York.

## HAY FEVER

Professional Cards.

Relieves When Others Fail

## GULLION

Candidate for Superintendent of Public Instruction.

DEALS MILDLY WITH OPPONENT

Corrects Misrepresentations in a Most Emphatic Way—He Also Presents Remarkably Strong Facts in Support of His Candidacy.

To the Democrats of Kentucky:

A most unexpected and unjust charge has been brought against me by my opponent in the race for superintendent of public instruction. If the charge were true it should defeat me. If it is false the Democrats of Kentucky should know it in order that justice may be done to me. The charge is that I am unfriendly to the new state normal schools.

He says in a letter to county superintendents of schools: "Mr. Gullion is strongly endorsed by those who have fought state normal schools. From that text he argues that this contest 'becomes a fight between the advocates of state normal schools on one side and the enemies of those institutions on the other.' His animus is so apparent that it need not argue the active interest in school legislation, being especially desirous of passing the normal school bill. He has for a number of years been a strong factor in educational progress.

This September 20, 1906.

W. P. THORNE,

S. E. DEHAVEN,

H. K. BOURNE.

I heartily concur in the above.

JAS. H. FUQUA,

Superintendent Public Instruction.

Frankfort, Ky., Sept. 21, 1906.

If either party had the normal school system, Senator DeHaven, Representative Bourne and the distinguished superintendent of public instruction is required it shall be furnished. Who oppose the state normal schools? They cannot be found. The bill creating them passed unanimously, as shown above, I did all in my power to promote its passage, having been at Frankfort more than 50 days during the 60-day session of the general assembly and in constant contact with the senators and representatives. Not to have supported the normal school measure would have been to stultify my entire record, for I have advocated normal schools in my newspaper and before the Kentucky Educational association for more than 20 years.

In all the literature I have sent out I have pledged myself to the normal schools in the following language:

"It shall be my highest and most cherished ambition to foster and develop the state's normal schools until they shall be adequate for all and good enough for the best—unsurpassed by those of any other state."

That language should have been plain enough to my opponent to have prevented a falsification of my position on normal schools.

As to Character.

In the same letter to superintendents the gentleman asks for an opportunity to defend himself against any aspersion of his character that any one might make. If I have to win this race by attacking his character then I will lose the race, for I would scorn to do such a thing. Nor will any true friend of mine offend in that particular. However, it is the privilege and duty of every Democrat to investigate the character and competency of both of us before voting.

Not a Popularity Contest.

My opponent publishes in black type his chief clerk would be a clever and competent gentleman who has been in the service of the state for 25 years at a high salary when on duty. He makes the alliance at the eleventh hour. If there is any reason why this well paid official of 25 years (and who never has to beg for lucrative positions) should be preferred over the young gentleman I have selected for the place, it is not apparent. My appointee will be Mr. Walter Crady, a clean, competent, industrious and faithful young man, who is now second clerk in Superintendent Fuqua's office. He has learned the clerical duties of the office well, and all say he has earned and merits promotion. But this race is not a popularity contest between clerks. It is a contest between candidates for state superintendent, whose duties are widely different from those of a clerk and very much more difficult. A machine can add a column of figures. Efficient su-

perintendents are the exception.

Evidence of Fitness.

I have taught in schools ranging from the common school in the peach woods to the lower classes in one of our leading colleges; have taught in high school and have been an instructor in county normals.

For more than 20 years I have been attending the State Teachers' association and in 1896 was president of that honorable body. The published proceedings and addresses show that I was active in all movements for the betterment of public schools, originating some of them. This is particularly true as to the agitation for normal schools, longer school terms, better school houses, modern equipment, etc.

As chairman of a committee appointed by the Kentucky Educational association, I pressed upon the general assembly bills amendments looking to these ends and procured their passage. It is not arrogating too much to myself to say that I have spent more time before the Kentucky legislature in promoting common school legislation than any other private citizen. It was a labor of love on my part, for never did I ask, and never was paid a cent for my expenses, or for the sacrifice of my time that I made.

I am the author of the plan by which short-term schools were abolished and wrote the amendment that affected the plan. I was also largely instrumental in bringing about most of the other beneficial changes that have been made in the school laws.

If the people make me their next state superintendent I shall devote whatever talent and energy I have to the great work in which are centered the dearest interests of the children and of the commonwealth, guaranteeing that we shall materially lengthen our cords and strengthen our stakes educationally.

The statements I have made are offered to the public with some temerity, lest I be charged with egotism. However, they seem necessary to show that I am not a man of straw, and service I have a peculiar fitness for the most honorable office the people can bestow—the state superintendency.

Respectfully,

E. A. GULLION,

Candidate for Supt. Public Instruction.

WRITES OPEN LETTER.

Hon. James H. Fuqua to the Democrats of Kentucky.

Frankfort, Ky., Oct. 4, 1906.

To the Friends of Education:

I am writing you in the interest of Mr. E. A. Gullion of Henry county, candidate for superintendent of public instruction. It has been my pleasure to know Mr. Gullion during his long service as county superintendent of Carroll county and as editor of a paper at New Castle. In both positions he has been an ardent advocate of improved education, in latter years using the columns of his paper advancing the cause of Kentucky schools.

During my term of office many improvements have been made in education. Two normal schools have been established; the term increased from five to six months; the per capita has grown to \$3.30, the largest in the history of the state. I have planned much other work that will greatly redound to the benefit of the schools, and if elected I am satisfied that Mr. Gullion will push these plans to execution. I shall remain in school work as a member of his state board of examiners and as such will be closely identified with the cause of education. Thanking you for your cooperation in the past and trusting that you will help Mr. Gullion in the state primary November 6, I beg to remain yours very truly,

JAS. H. FUQUA, SR.,

Superintendent Public Instruction.

What Others Say.

Other able school men have written in regard to Mr. Gullion's candidacy, as follows:

Professor J. T. English, Harrods Creek, Ky., a widely known teacher: "We need somebody at the head of the school system who has the knack of doing things; of getting out of the time-worn rut. You are unquestionably the man. Your record in school work proves it."

Z. F. Smith, formerly superintendent of public instruction: "Four personal qualifications and your long training as teacher and county superintendent will fit you for the duties of state superintendent. Knowing you so well, I have every confidence that you will faithfully and ably administer the affairs of the state. Hence, I will heartily give you my support and wish you complete success."

Professor C. A. Leonard, superintendent of the Kentucky schools: "I hope you will announce at once and make a thorough canvass of the state; I shall work for you."

Professor W. H. Bartholomew, principal of the Louisville, Louisville, Ky. "A friend of public instruction" when the cause needed friends. Gullion merits the honor of the superintendency."

President Jas. K. Patterson, State College, Lexington: "I say without reserve that I know of no man who has done better work than yourself."

Pineapple cleanser, is highly antiseptic, unequalled for cracked hands. Good for cuts. Sold by James H. Williams, Hartford, Ky. S-O-N

WANTED—Gentleman or lady with good references, to travel by rail or with rig, for a firm of \$250,000.00 capital. Salary \$1,072.00 per year and expenses. Salary paid weekly and expenses advanced. Address with stamp, Jos. A. Alexander, Hartford, Ky. 28-39t

A sour stomach, a bad breath, a pesty complexion and other consequences of a disordered digestion are quickly removed by the use of King's Dyspepsia Tablets. Two days treatment free. Sold by J. H. Williams. S-O-N

## WHOLE TOWNS

Turned Out to Hear Bryan --Speaking Enthusiasm Unsurpassed.

Joplin, Mo., Oct. 17.—Perfect weather and an almost unprecedented interest in public affairs brought more than 100,000 Southwest Missourians out to hear Bryan in his several speeches of to-day. At no time in any of his campaigns has Mr. Bryan ever addressed greater crowds than those that have greeted him this morning, and this afternoon in the south-central and southwestern parts of Missouri.

Were he a candidate for the Presidency at an impending election, his tour could not arouse more interest than it has stirred in these Missouri counties. Down here in Jasper county, Tom Connor, who is a candidate for the Senate and a man wise in many ways, says that the Democrats will sweep this section. Connor has made a lot of money, and is on the point of retiring, but he proposes to go to the Missouri State for awhile and help to make the State's laws. His election seems to be a dead certainty.

Bryan says that he is finding in Missouri the conditions he found in Kansas and Nebraska, a renewal of Democratic interest and a perfection of organizations with a turning of the people toward the principles of old-fashioned Democracy.

Bryan's big audiences to-day were at Springfield, Lebanon, Monett and here at Joplin. He faced an audience of 20,000 at Springfield, and at Monett the crowd was so great that the speaker's voice did not reach to the outer edges of it. Every small town turned out most of its population, with large additions from the farming country round about.

Beginning the second day of its sweeping tour of Missouri, the Bryan special doubled back from Columbia to Clinton, where the Missouri, Kansas & Texas line surrendered the train to the Frisco, over whose tracks the tour has continued. The day did not really begin until 9 o'clock, when Bryan spoke at Lebanon, up in Laclede county, in the very heart of the Ozarks, the land of the big red apple, whose loaded trees now cover the hill-sides.

All the way up the Frisco from Springfield to Lebanon, there was a demand for speeches, but the train made no stop upbound because of the waiting crowd in Laclede county.

At Lebanon, Mr. Bryan was greeted by a great assembly, and was at once driven to the stand in the main part of the town.

Mr. Bryan made a speech of thirty minutes and was hurried back to his train, which was running a little behind the schedule. Francis Marion Russell, an old school Democrat of the Ozark hills, was on board Mr. Bryan's car, and at Mr. Russell's earnest insistence, the train was stopped at Conroy and at Marshfield, at both of which places large crowds had gathered in the brief interval that passed during the up-bound and down-bound journey, a matter of something like an hour.

The streets were packed with people, fully one-half of them railroad men. The jam reached off toward the center of the town, a distance of two blocks. About the stand there was another crowd. Bryan literally addressed acres of people.

It was the largest audience ever gathered in this county for any purpose, and one of the largest ever addressed by Mr. Bryan in any of his campaigns. On this journey it has so far been surpassed only by the jam at Springfield at noon to-day. All of the skill of Grand Marshal Emmett Newton was required to clear a way from the train to the speaker's stand.

At Monett we saw the peculiar spectacle of the entire audience rushing after Mr. Bryan's carriage at the conclusion of the meeting, so that his farewell crowd at the depot was as great as that which welcomed him an hour before.

Is the Moon Inhabited?

Science has proven that the moon has an atmosphere, which makes life in some form possible on that satellite; but not for human beings, who have a hard enough time on this earth of ours; especially those who don't know that Electric Bitters cure Headaches, Biliousness, Malaria, Chills and Fever, Jaundice, Dyspepsia, Dizziness, Torpid Liver, Kidney complaints, General Debility and Female weakness. Unequalled as a general Tonic and Appetizer for weak persons and especially for the aged. It induces sound sleep. Fully guaranteed by J. H. Williams, Druggist. Price only 50c.

Dowie's Downfall Blamed on "Bossing wife."

Chicago, Oct. 19.—"Don't let a woman boss you in religion or business if you would succeed."

This was the advice given by Overseer Voliva in his sermon to the Zion congregation at Central Tabernacle, in discussing the downfall of John Alexander Dowie. He declared that Mrs. Dowie was the tempter which led the First Apostle astray.

"I intend this week to make revelations that will astound many persons in Zion as well as out of it," he said. "I will show that Dowie's downfall was due primarily to the fact that he allowed his wife to rule him—boss him, as the phrase goes—in his later years, and that his mental and physical decline began at the time when he first submitted to his wife's sway—the time when he ordained her an elder and an overseer of the church and at her command wrote checks at the rate of seven a day, which aggregated \$60,000 in nine months."

## REV. SAM JONES

Short Sketch of the Peculiar Traits of the Noted Evangelist.

The following is a short sketch of Rev. Sam Jones, who fell dead recently of heart disease, near Perry, Ark., while on a train going to his home at Cartersville, Ga., from Oklahoma City, where he had been conducting a revival meeting:

Famously Known About Love.

Vainly ruins more women than love. Love is the history of a woman's life. The man who can govern a woman can govern a nation.

Women, cats and birds are creatures that we ate most on their toilet.

The deepest love is that which professes least.

Woman is the sweetest present which God has given to man.

Love can hope where reason would despair.

A man cannot possess anything better than a good woman, nor anything worse than a bad one.

A beautiful woman pleases the eye, a good woman pleases the heart—one is a jewel, the other a treasure.

A man that has many woosers oft fares the worst.

However talkative a woman may be, love teaches her silence.

Love overlooks faults and failings.

The woman who plays with the love of a royal man is a traitor to her sisters; she may close his heart forever against all confidence in the sex.

True love desires no careers save from the one loved.

Woman is the salvation or destruction of the family.

A wife a mother! two magic words, comprising the sweetest source of a man's felicity.

The heart of a loving woman is a gold-mine, where often there reigns an ideal of clay.

All women are good—good for nothing or good for something.

So long as a love, one forgives.

Woman is the most perfect when the most womanly.

Manzan relieves instantly the pain caused by those blind, bleeding, itching and protruding piles. It is put up in collapsible tubes in such a way that it can be applied where the trouble originates, thus stopping the pain immediately. Try one bottle and if you are not relieved, your money will be refunded. Try our free offer. Sold by J. H. Williams. S-O-N

Died of Grief Over Lack of Baby Sister.

Cleveland, O., Oct. 19.—"Died of grief" is Coroner Sieglestein's verdict over the death of the little 5-year-old Lida sister to play with.

From the time she was old enough to know anything, and to make the wish known, Lida had wanted a baby sister to play with.

The story brought a brother, but Lida was not satisfied. Then, not long ago, the little girl's mother told her another baby would come soon, and maybe it would be a sister.

The baby came last Wednesday—a girl—born dead. Lida cried all night.

Thursday she complained of a headache and vomiting followed.

Saturday the heart beats slowed, fluttered and stopped.

The coroner said to-day that grief killed her.

Preventions, as the name implies, prevent all Colds and Grippe when "taken at the sneeze stage."

Preventions are toothsome candy tablets. Preventives dissipate all colds quickly, and taken early, when first felt that a cold is coming, they check and prevent them. Preventives are thoroughly safe for children, and as effective for adults. Sold and recommended in 5 cent and 25 cent boxes by Z. Wayne Griffin & Bro., & J. H. Williams. m

Married Eight Times at Forty.

Fulton, Mo., Oct. 19.—Benj. Bollin, a farm hand of Calwood, and Fannie James, of the same vicinity, were married this morning in the Probate Court room by Judge S. P. Beaven.

This is the bride's eighth marriage. Her maiden name was Fannie Tarney.

She is the daughter of Benjamin Tarney, who carried the mail between Fulton and Calwood for 20 years.

Her first matrimonial venture was with Moses Shafer, of Calwood, to whom she was married and divorced.

"Mike" Smith was her second and third husband; she was twice married and twice divorced from him.

Frederick Althaus was her fourth husband. She was divorced from him. Her fifth and sixth husband was a Mr. Barrie, of Boone county, to whom she was twice married and twice divorced. Her seventh husband was Calvin James, the defendant in the latest divorce suit. She is a woman about 40 years old and has four children by her seven unions.

When the tip of a dog's nose is cold and moist, that dog is not sick. A feverish dry nose means sickness with the dog. And so with the human lips. Dry, cracked and colorless lips mean feverishness, and are also ill appearances. To have beautiful, pink, velvet-like lips apply at bedtime a coating of Dr. Shoop's Green Salve. It will soften and heal any skin ailment. Get a free trial box at our store, and be convinced. Large nickel capped glass jar, 25 cents. Z. Wayne Griffin & Bro., & J. H. Williams. m

## Mr. Otto A. Fleissner's KIDNEYS WERE SOAKED WITH CATARRH.

Pe-ru-na Promptly Cured Him.

Mr. Otto A. Fleissner, American Episcopalian, late Chief of Police, W. J. Coody, (Buffalo Bill), now Chief of the Rialler Grand Hotel, Seattle, Wash., writes:

"I suffered with kidney and bladder trouble until life did not seem worth living. I had tried many medicines, but did not get any relief until I took Pe-ru-na. It was really wonderful how much better I was after I had used this medicine only a week. I did not expect that it would help me permanently, but as long as it was doing me good I continued to use it. At the end of six months I found to my relief that it had rid my system of all poisons, and that I was cured to stay cured. You certainly have a splendid medicine and I gladly endorse it."—Otto A. Fleissner.

Catarrh of the Kidneys, a Common Disease—Kidney Trouble Often Fails to Be Regarded as Catarrh by Physicians.

Catarrh of the kidneys is very common indeed. It is a pity that this fact is not better known to the physicians as well as to the people.

People have kidney disease. They take some diuretic, hoping to get better. They never come out of catarrh. Kidney disease and catarrh are seldom associated in the minds of the people, and, alas, they are not very often associated in the minds of the physicians. A few physicians recognize catarrh of the kidneys. They doctor for something else. They try this remedy and that remedy. The trouble may be catarrh all the time. A few bottles of Pe-ru-na would cure them.

Pe-ru-na Cures CATARRH OF THE KIDNEYS.

Thousands of testimonials from people who have had kidney disease which had gone beyond the control of the physician are received by Dr. Hartman every year, giving Pe-ru-na the whole praise for marvelous cures.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

All correspondence held strictly confidential.
